

PEPPER BAKING OF PETITION FOR BUILDING RAILWAY

(Special to The Argus.)
Springfield, Ill., May 20. — The state public utilities commission today denied a rehearing of the petition of the Davenport, Springfield & Southern railway, to which it recently refused a certificate of convenience and necessity to construct a railroad from Davenport to the extreme southern end of Illinois.

Y. M. C. A. Notes

Clay for the new outdoor gymnasium is now being hauled and will be spread soon. The floor of the former tennis court promises to be perfect for all outdoor games and gymnastics.

All the secretaries of the local association will spend a few weeks of the summer months in attendance at the Geneva conference which opens June 23. At different times

there will go from here Secretaries O. J. Serratt, Willis Wood, A. D. Herman, Sidney Gordon and Allan Elmhurst.

Boys from Lowell and Kember schools held tryouts Wednesday afternoon after school for the swim-

ming meet to be held at the association for boys of the fifth and sixth grades. A loving cup will be awarded the school winning the most points in the meet.

The moving picture lantern for the Y. M. C. A. has been ordered

and arrangements have been made to procure two films a week, one scenic, the other industrial, from the international committee of the association. These will be shown free of charge at factories and industrial plants where they are desired. A moving picture night may

later become a regular feature of the association.
